Introduction

Tomas and Chloe will be our facilitators for this session.

The goal of our session is to turn chaos into clarity. As facilitators, our role is to keep the session on track and to ensure everyone participates in the discussion.

**Let's
begin!**

Idea Book

Starting on a new project begins with a curation of ideas. This idea book will allow us to lay down and organize all our thoughts, ideas, and inspiration. Next, we will vote on what ideas we will pursue.

1

Use the sticky notes to write down thoughts, ideas, and inspiration.

2

Use the stars to vote which ones we like to pursue.

3

We will also group these ideas we will pursue based on similarity.

Action Items

Let's go back to the previous pages and synthesize what next actions are appropriate for us to move forward as a group.

1

Write action items in the boxes.

2

Drag your photo under the action item you want to own.

**The mind is just like a muscle
— the more you exercise it,
the stronger it gets and the
more it can expand.**
